**Repeaters:**

**Al (N9MAF) reported no issues that he is aware of with either machine.**

**Unfinished Business:**

**Ken (KEØKCQ) reported that both Huckleberry and Riverview parks are reserved throughout the months of August and September. The only park that is available is Kiwanis Park and he is checking to see what dates are available. The downside to that park is that there will be an occasional train passing by. Ken will pick a date to reserve it and let everyone know.**

**New Business:**

**Secretary position** – Cliff (KØCA) brought up that our 2 year State registration is coming due at the end of August. We have to list our officers, and the State statutes allow one person to hold multiple offices, but our By-Laws do not allow this, so we need to have someone appointed to the office of Secretary. This would be to complete the paperwork for the State, with Don(KDØHHN) continuing to do the minutes and the newsletter until December elections where we could elect someone to handle the Secretary position while he would continue the newsletter. Cliff(KØCA) had been talking with Al (N9MAF), who said he would take the minutes next month and take the position until December election and go from there. A motion was made by Cliff(KØCA) and seconded by Jody(KEØOAA) to name Al(N9MAF) as Secretary until December. The motion carried.

Al(N9MAF) asked if there were old newsletters available so he could look at them to see about the repeaters. Don, (KDØHHN) said he has a zip drive that has copies of the news letter going back at least 10 years and paper copies of the newsletter beyond that. He would get them to Al.

**Hamfest-** Last month Don posted in the newsletter the list of JD Sinclair (WØAJD) SK equipment. Bonnie(WBØWAP) then sent an email back, asking if we had ever thought about doing a hamfest. Quincy has stopped doing their hamfest. Don has been looking around for areas that might be available and only areas would be the Armory downtown and the American Legion on MM. This would also be something that would involve the entire club membership. One of the issues would be the economy which could stop vendors from travelling. Cliff mentioned some both pros and cons about a hamfest. Some would be food, which would draw, as well as number of

people who would be needed. Ken asked about the possibility of combining members to do it, Don also suggested inviting members of the Twin Rivers club to see if they would be interested. Don said he would contact both of the clubs to see if they would be interested. Ken also suggested checking with some of the food trucks to see if they would be interested. Question was also mentioned about liability insurance, we do have a liability policy, also food trucks would have all needed paperwork and that would be one less worry. Also would want to see about club getting a percentage of the cut. Another issue would be tables for event, if we had the Armory they have tables and chairs, so does the Legion. Ken also mentioned that Parks and Rec department requires deposits for pavilions, but if you clean it up you get the deposit back, would have to check with them for Armory. If replies are favorable, then we have one person from each club to be contact people for that.

**STEM program-** Ken will contact the schools to see about STEM programs and see if we could get involved.

**50/50:**

Cliff (KØCA) was the winner of the 50/50 and he donated it back to the club. Thanks Cliff!!

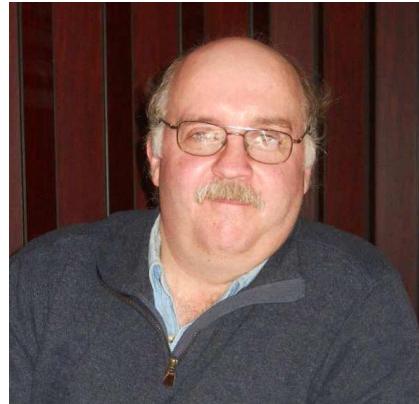

**Motion to Adjourn:**

With no other business a motion was made by Al(N9MAF) and seconded by Al(K9AJC) to adjourn the meeting, It was adjourned at 7:25PM

## FROM THE PRESIDENT'S DESK BY DON VARY KDØHHN

Another month gone by, where has the year gone. We are starting to look into the possibility of doing a hamfest next year here in Hannibal. I am contacting the Quincy and Pittsfield clubs to see about their groups helping out. Also we are looking at contacting the local schools to see about their STEM programs to see if we would be able to do presentations or attend events to see about possibly getting younger people involved in Amateur Radio. I'll keep everyone informed. With that, stay safe and cool and we'll see you down the log.
